PROFILE

Graphic designer with over a decade of studio and freelance experience building brands that connect. Trained at Vega School of Brand Leadership, with a foundation in visual communication, brand strategy and creative development. Has led identity, campaign, print and digital work across a broad range of clients. Outside of the screen, a lifelong practice of drawing, painting and handmade craft informs a design sensibility rooted in texture, detail and considered aesthetics. Brings the same precision and care to every brief that goes into the finished work.

EXPERIENCE

Freelance Graphic Designer

2023 — Present

Independent Practice | Johannesburg

Continued independent design practice working with clients across logo and identity design, social media content, print collateral and marketing material. Manages each project from brief through to final delivery, using Adobe Illustrator for vector identity work, Photoshop for image treatment and digital assets, and InDesign for print-ready layouts. Applies brand strategy thinking to ensure every visual output serves the client's wider communication goals.

Graphic Designer

2019 — 2023

Black Arrow Design Studio | Johannesburg

Worked as part of a dedicated design studio producing identity systems, campaign visuals and brand assets across a range of clients. Applied Illustrator for vector logo and identity work, InDesign for multi-page document and print layout, and Photoshop for image composition and retouching. Collaborated directly with clients to translate briefs into visual solutions, presenting concepts and refining work through feedback. Developed a strong eye for typographic hierarchy, layout structure and colour consistency across print and digital formats.

Graphic Designer and Marketing Lecturer

2014 — 2016

Damelin College | Johannesburg

Lectured marketing and design modules to second and third year students, covering consumer behaviour, practice of marketing, principles of marketing, marketing management and graphic design. Maintained a dual role that kept practical design work running alongside academic delivery, developing strong skills in communication, presentation and structured thinking.

Freelance Graphic Designer

2018 — 2019

RCL | Johannesburg

Delivered freelance design support including brand assets, layout work and visual communication material. Worked independently to meet deadlines and maintain brand consistency across deliverables.

Graduate Designer

2010 — 2013

Vega School of Brand Leadership | Johannesburg

Completed a three-year degree in Creative Brand Communications, producing live briefs and freelance work throughout, including brand campaigns, logo design and a Tag Award-winning concept. Built a working knowledge of the full Adobe Creative Suite and developed a strong foundation in brand thinking, typography, illustration and visual storytelling.
